**COUNTY OF SAN LUIS OBISPO  
APPLICATION FOR APPOINTMENT  
TO A BOARD, COMMISSION, OR COMMITTEE**

Date: 3/2/07Applying For: Los Osos Wastewater Project Technical Advisory CommitteeName: ALON MARK PERLMANAddress: [REDACTED]Home Phone: [REDACTED] Business Phone: [REDACTED]Fax Phone: [REDACTED] E-mail Address: [REDACTED]Supervisory District: 2 Years resided in County: 3

Present Occupation/Employer: Home Care giver HCG  
San Luis Obispo

If retired, past Occupation/Employer: Clinical Research Associate  
Project Manager, Medical Writer, Clinical  
microbiologist, Research microbiologist

Education: BA Microbiology & Immunology CAH Berkeley  
B.S. Molecular Biology SJSU

List any school courses, volunteer activities, special skills, training, certificates, licenses, or work experience that you feel relate to your qualifications. If you like, you may attach a separate sheet for this purpose or to state your qualifications.

See additional  
Graduate Courses Toward Masters in Public Health: epidemiology  
Project Planning, Grant application, MBA Core: Accounting  
Economics, Regulatory affairs Certified (RAC) &  
Student Campus Center Director Fort Hall Junior College

Previous service on county or city advisory bodies or an elected office (names/dates).

Member Los Osos Community Advisory Council 5/06  
(Chair Parks & Rec, member land use committee)  
Member LOCSO Environmental Committee '06

Application for Membership on a Board, Commission, Committee  
Page Two

Membership in Organizations: Regulatory Affairs Professional Society (FDA Regulations on Pharmaceuticals, Devices)  
past member ASM: American Society  
Microbiologists. "People Helping People"  
Los Osos

Please explain why you would like to serve (attach a separate sheet if necessary):

See attached.

If appointed, are you willing to participate in the majority of meetings each year and, if necessary, in numerous related meetings or subcommittees? ☒ YES ☐ NO

Should you be appointed, are you willing, if necessary for that particular body, to file a statement of disclosure as a public official under the standards set forth by the Fair Political Practice Commission? ☒ YES ☐ NO

## OFFICE USE ONLY

Date called/interviewed \_\_\_\_\_ Recommended for appointment? ☐ YES ☐ NO

Appointee prefers not to have address or phone number published? ☐ YES ☐ NO

Additional Comments: \_\_\_\_\_

**TAC Application addendum**  
**Alon Mark Perlman**

Special Skills. Work Experience. continued

I have been a contributing member on project development teams, filed budget reports with the Controller, worked with pathogens, developed bioassays, conducted experiments and research in separation technologies. I have interacted with multiple departments in large corporations and Government Agencies (Regulatory, Legal, Medical Writing, Biostatistics Etc...). Produced Standard Operation Procedures. Contracts, Presentations, Graphs and Charts, Clinical Trial Protocols, debugged computer programs. I worked as a consultant, in many cases coming up to speed and identifying and solving problems within a few hours of coming on a project. In doing so, I discovered that I was becoming able to assess complex projects in detail and in global view. I was also able to learn from those individuals from other disciplines and functions, to a degree that in some situations I was able to fill in or at least anticipate, communicate and resolve problems arising from the different perspectives inherent in the differences in disciplines. These Skills are transferable, in learning about the Los Osos waste water situation, I had the background to evaluate the data, especially the microbiology and physics of separation. In one case, after a presentation by Robert Miller, I asked him a number of specifics about one of his presentation tools, the groundwater Nitrate Map of the prohibition zone. He let me know that he was working on a more advanced and informative version that in fact answered those exact items. The Legal/regulatory experience with FDA has strong parallels to the structure and functions of the California Water Boards. I would like to be considered in the environmental capacity but would gladly serve in an engineering area if needed.

Explanation of why I would like to serve:

In the short time since I have made Los Osos my "Hometown", I have grown very fond of the people in this community. I have a great deal of respect for the dedicated and civic mindedness of the people who express themselves on both sides of the sewer issue. There are many important issues that we should be focusing on. Yet the sewer issue is like a yoke around our necks. If accorded membership in the TAC I will work to the success of the mission supporting the creation of the committee and it's functioning as a team interacting with the larger team, and producing a credible evaluation. My past experiences have prepared me to excel in this role, I have freed up my time, please use me. I believe I can make a difference.
